

# Now Accepting Applications for the 2019 Classes! Locations in Tysons and Leesburg

The Women's CEO Roundtable is for high-growth female business owners that are committed to scaling to their next levels of personal and organizational growth.

## ASK YOURSELF:

1. Do I want to be a part of a vetted community of women business owners that are equally committed to personal and professional growth and will hold me accountable to my goals through weekly accountability groups?
2. Do I want to learn best practices from leading experts in critical business-building functions such as sales, marketing, human resources, legal, insurance, accounting, IT, and board-building that will enable me to build a strong culture and a scalable, profitable infrastructure?
3. Do I want to receive immediate actionable guidance from the Founders and fellow members on my most pressing business challenges through a professionally facilitated roundtable?
4. Am I ready to crystallize and actualize my vision to build a profitable, successful multimillion-dollar company and step into my greatest leadership potential?

*"It really helped me step into my leadership not only for me but for my whole team."*

MINDSET • SKILLSETS • RESOURCES • COMMUNITY • ACCOUNTABILITY

Tina R. Johnson

We have walked the walk, and we have a personal passion to help other women do the same. We know how difficult it is to build a business. Between the 2 of us, we have a combined 50 years of business experience.
